## Section 1.2 - Aggregate fee levels

Aberystwyth will charge the maximum regulated fee level for Full-time Home Undergraduate and PGCE students covered by this plan, which covers the period 2021/22 only. The maximum fee is governed by the Welsh Government, and is currently £9,000. Any increase in the FT Home UG and PGCE fee for future years of the course will be tied to the maximum fee rise, to be set by Welsh Government. Aggregate fees for the whole duration of the course will depend on the length of the programme (most of our UG programmes are three or four years long), and whether or not the programme includes a Study Year Abroad (current fee is £1,350) or a Year in Industry (current fee is £1,800), and whether there are inflation-linked increases as outlined above.

The Welsh Government has confirmed this fee will not apply to students from non-UK EU countries from 1<sup>st</sup> August 2021.

For Undergraduate programmes with an integrated study year abroad, the Study Year Abroad is charged at 15% of the maximum regulated fee, in line with HEFCW guidelines.

For Undergraduate programmes with an integrated year in industry/integrated year in professional practice, the fee for the sandwich year is charged at 20% of the maximum regulated fee, in line with HEFCW guidelines.

Fees for UG programmes which are offered at less than maximum (including those at our Franchise partners) may be subject to annual review. At the time of writing some courses delivered by our Franchise Partner, Coleg Gwent are delivered at £7,500.
